Fees / Requirements for Inclusion in the National Honey Board Honey Locator

U.S. Companies

A listing in the National Honey Board Locator is available free of charge to those individuals/companies located in the United States who have paid assessments in accordance with the Honey Packers and Importers Research, Promotion, Consumer Education and Industry Information Order as of May 22, 2008. Those U.S. companies which have not paid assessments in that time period may obtain a listing by paying a one-time fee of \$50.00. Payment of this fee entitles the applicant to inclusion in the Honey Locator continuously, with no further fees, provided that your company responds to our annual renewal/update request. If no acknowledgement to that request is received by the included deadline, then the listing will be dropped and listing again will require repayment of the fee.

Foreign Companies

Inclusion in the Honey Locator is also available free of charge to individuals/companies located outside the U.S. *that pay assessments*. Such foreign companies *must* have paid assessments in accordance with the Honey Packers and Importers Research, Promotion, Consumer Education and Industry Information Order as of May 22, 2008 in order to be eligible for a listing. Foreign companies may not pay a listing fee in lieu of paying import assessments.

Listing Updates/Changes: The National Honey Board Honey Locator will be updated on at least a weekly basis. If the information you provided about your company or products changes, please notify the National Honey Board office immediately.
